The Purpose and Use of your "Opportunity" Page

The Purpose of the Opportunity Page is to **Design** your week through Focus and Energy first, then allow your day to unfold as you interact,. Pay attention to all the ways the Universe/Source is working with you offering support and opportunities for you to recognize.

The idea is to start an Opportunity Page to work with for a time period like a week. Then referring to it during the day so you can easily capture the goodies that unfold. Finally at the end of your day, take time out to focus and Reflect on all the things that transpired holding Value for you. Eventually after a few days or weeks have passed you can move the special posts you've made to other areas that are appropriate in your Living Log, like to your Celebrations, Insight or Blessings pages.

Design

Enter in your main Focus (from your Focus Section) that you feel will be supportive and appropriate for this Time Period. Type in Priorities, Insights, Reminders in support of your Focus for the Time Period of your Opportunity Page
